Dreamers Academy

Academic Excellence in English y Español

Out of Field (OOF) SY 26-27 - As of September 4, 2026

All educators in Florida are monitored to ensure they meet certification and training requirements as mandated by law. Per Florida Statute 1012.42 when a teacher is assigned teaching duties out of the field in which the teacher is certified, the parents of all students in the class shall be notified in writing. *This is also a requirement for Title 1 schools.*

Dreamers Academy is committed to providing quality instruction for all students and does so by employing the most qualified individuals to teach and support each student in the classroom. The district is assisting our teachers by creating with them professional development plans to complete the requirements needed to become in-field.

All our teachers are certified to teach, although some of them are currently out-of-field and are working on additional areas of certification. You have the right to know the professional qualifications of the teachers who instruct your child. If you would like more information, please contact the school at (941) 888-4000.

The table below shows the certification(s) held by the teacher, and the out-of-field area.
